

Educational Hatch a Chick!

Watch your eggs hatch, every time ...

We pride ourselves in bringing to you the best experience in chick hatching! Whether you are a teacher or a homeschooler our chicks are guaranteed to be a hit!

Everything will be explained to you and a manual will be provided. The chicks will take 21 days to develop. A candler is included in each kit so that the embryo can be seen developing inside the egg. Once the chicks are dry and fluffy the chicks are transferred to the brooder box. We provide the heat lamp, bedding, food and drinker. Everything that you need is included in the kit. The chicks are then returned to us at 5 days old. All the equipment is on loan.

Hatch a Chick experience includes: a 7 egg incubator, 7 fertilized eggs, manual, candler, brooder box, chick feed, watering fountain, heat lamp. This kit is also available outside of the Okanagan but additional shipping charges will apply. \$135 plus tax delivered to your school in the Okanagan. **Please note taxes and shipping will be added to these prices.**
